**News and Updates from the Comprehensive Opioid,  
Stimulant, and Substance Abuse Program  
Collaborative at NYU**

We know that you're all busy with your own COAP/COSSAP projects and that it's hard to keep up with developments in the field. Here are a few recent items—two federal-government initiatives and a gripping personal account—on substance use disorders and justice-involved people that we've found interesting. We hope that you find something useful for your projects, and we look forward to seeing you all again (on a screen, and in-person...when the time is right).
