News and Updates from the Comprehensive Opioid, Stimulant, and Substance Abuse Program Collaborative at NYU

We know that you're all busy with your own COAP/COSSAP projects and that it's hard to keep up with [developments](#) in the field. Here are a few recent items on SUD that we've found interesting—the Department of Justice is scheduling focus groups to understand justice practitioners' views on dealing with substance use disorders (sign up by December 19), a review of new legislation that could increase availability of MAT, and recent developments in opioid regulation under the *Controlled Substances Act*. Wishing you a happy and healthy holiday season!
