Collaborative at NYU**

We know that you're all busy with your own COAP/COSSAP projects and that it's hard to keep up with developments in the field. Here are a few recent items on SUD and justice-involved people that we've found interesting—training opportunities on recovery communities and MAT, and an update on the fentanyl crisis. We hope that you find something useful for your projects. And we congratulate our partners (old and new) who received new COSSAP grants—more to come on those.
